Uncle Tom's Cabin Reflection:

Pretend you live in the 1850's-1860's. Write a letter to your father who lives in Kentucky, from the POV of a Northerner or Southerner. Tell me what your thoughts and reactions (positive and/or negative) are towards what you have just read in Harriet Beecher Stowe's, Uncle Tom's Cabin. Please cite at least two specific events from the story that will support your opinions. Remember, it is very important to stay in character as a person living in the 1850's-1860's.
